LogiMon Solutions B.V., with its principal place of business at Hameinde 1, 7371 CS in Loenen Gld, The Netherlands.

Article 1 Definitions of terms

1. In these general terms and conditions LogiMon Solutions is taken to mean: LogiMon Solutions B.V.
2. In these general terms and conditions the Customer is taken to mean: every natural person and/or legal entity who/which bought goods or purchased services and/or with whom/which LogiMon Solutions is or has been in negotiations regarding the delivery of goods and/or services.

Article 2 Applicability

1. These general terms and conditions apply to all legal relationships between LogiMon Solutions and a Customer.
2. The applicability of the general terms and conditions of the Customer is expressly rejected.
3. If any provision of these general terms and conditions and/or the agreement between LogiMon Solutions and the Customer might have no binding effect, is found to be void, not legally valid, not enforceable, not executable or become non-binding, this shall not affect the other provisions of these general terms and conditions and/or the agreement. LogiMon Solutions and the Customer shall agree on a replacement provision that in terms of content and scope most closely approximates the void, not legally valid, not enforceable, not executable or non-binding provision, given the intentions of LogiMon Solutions and the Customer at the time the agreement was made.
4. If LogiMon Solutions does not always require strict compliance with these general terms and conditions, this does not mean that the provisions thereof are not applicable, or that LogiMon Solutions would lose the right in other cases to require strict compliance with the provisions of these terms and conditions.

Article 3 Offers, tenders and prices

1. All offers from LogiMon Solutions are without obligation, even if the offer contains a period for acceptance and acceptance takes place within this period, unless expressly stated otherwise.
2. A combined quotation will not oblige LogiMon Solutions to perform a part of the agreement at a corresponding part of the price stated. The offers and tenders will not automatically apply to future agreements.
3. If the acceptance derogates (whether or not on minor points) from the supply included in the offer, LogiMon Solutions will not be bound thereby. In that case the agreement will not come into effect in accordance with this derogating acceptance, unless LogiMon Solutions states otherwise.
4. Unless stated otherwise, the prices of LogiMon Solutions are based on: the amount of the purchase prices, wages, labour costs, social security and government charges,

freights, import and export duties, exchange rates, insurance premiums and further factors determining prices applicable during the offer or on the order date. In the event of an increase of one or more of the cost factors prior to the delivery, LogiMon Solutions will be entitled to increase the order amount accordingly. All this will be with due regard to any existing statutory regulations related thereto.

5. All prices set out in price lists, official lists, offers, adverts, tenders and orders are in Euro, excluding VAT, transport costs and dispatch costs and other duties imposed by authorities. LogiMon Solutions cannot be bound by its offers or tenders if the Customer can reasonably understand that the offers and tenders, or a part thereof, contain an obvious mistake or clerical error.

Article 4 Delivery and transport

1. The delivery takes place ex works from LogiMon Solutions at Hameinde 1, 7371 CS in Loenen Gld, the Netherlands, unless expressly agreed otherwise in writing. In the event of delivery ex works, the goods will be at the risk of the Customer as soon as the goods have left the warehouse of LogiMon Solutions. From that time the risk of loss, damage or decrease in value transfers to the Customer.
2. LogiMon Solutions will be entitled to deliver in parts (partial deliveries), which partial deliveries can be invoiced separately. In that case the Customer will be obliged to pay in accordance with the provisions of article 6 of these terms and conditions.
3. The Customer will be obliged to take delivery of the goods at the time at which these are offered to the Customer. If the Customer refuses or fails to provide the information or instructions, which are necessary for the delivery, LogiMon Solutions will be entitled to invoice for the goods concerned while storing the goods at the expense and risk of the Customer in that case.
4. The stated delivery periods will never be regarded as final deadlines, unless agreed otherwise in writing. In the event of late delivery, or exceeding of the delivery period, LogiMon Solutions must be given notice of default in writing.
5. If LogiMon Solutions requires data from the Customer for the performance of the agreement, the delivery period will not commence any earlier than at the time at which the Customer has made the data correctly and completely available to LogiMon Solutions.
6. If during the performance of the agreement it appears that it is necessary for the proper performance thereof to amend or add to the agreement, parties will in a timely manner and in mutual consultation proceed with adjustment of the agreement in that case. If the nature, extent or contents of the agreement, whether or not upon the request or on the instructions from the Customer, is/are amended and the agreement is amended through this from a qualitative and/or quantitative point of view, this can also have consequences for that which was originally agreed. The originally agreed amount can be increased or reduced

through this. LogiMon Solutions will, as much as possible, provide a quotation thereof in advance. Furthermore, an amendment of the agreement can alter the originally stated performance period. The Customer accepts the possibility of amendment of the agreement, including the amendment of the price and performance period.

Article 5 Derogations in delivered goods

1. The derogations usual and/or reasonable in the sector will not give the Customer any right to replacement, compensation of damage, or any other right.

Article 6 Payment and collection costs

1. Payment must be made without reduction or set-off in the currency stated in the invoice, by means of transfer to the account set out in the invoice.
2. The Customer must pay the invoice amounts to LogiMon Solutions no later than within 15 calendar days after the invoice date, unless expressly agreed otherwise between LogiMon Solutions and the Customer. The payment term of 15 calendar days after the invoice date, or another agreed period, is to be regarded as a final deadline. In the event of late or incomplete payment, the Customer will owe interest to LogiMon Solutions of 2% per month or part of a month, whereby part of a month will apply as a full month, calculated over the (remaining) invoice amount from the due date up to and including the day of payment in full.
3. Objections against the amount of the invoice will not suspend the payment obligation. If the Customer is of the opinion that the invoice is incorrect, the Customer must inform LogiMon Solutions of this in writing, stating reasons, within 8 calendar days after the invoice date concerned, at the risk of forfeiting the right to dispute the accuracy of the invoice.
4. All costs related to the collection, including the judicial and extrajudicial costs, will at the expense of the Customer. The extrajudicial costs are set out at an amount of at least 15% of the amounts due in the principal sum, with a minimum of €400.
5. Each payment made by the Customer will firstly serve to settle the interest owed and thereupon to settle the costs related to the collection, with the exception of the judicial costs. Only after payment of these amounts will any payment made by the Customer be applied to deduct from the outstanding claims in the principal sum. LogiMon Solutions retains the right to refuse to deliver in the event of any doubt regarding the creditworthiness of the Customer, or on the basis of other commercial reasons. LogiMon Solutions will always be entitled, also during the performance of the agreement, to suspend the fulfilment of its obligations until the Customer, upon request from LogiMon Solutions, has provided security for the fulfilment of the payment obligation of the Customer. In addition, LogiMon Solutions will be entitled to also require security from the Customer for future deliveries.

Article 7 Retention of title

1. The ownership right of the purchase will only transfer to the Customer after the Customer has fulfilled all obligations vis-à-vis LogiMon Solutions to pay the purchase price of the delivered or still to be delivered goods, or the services provided or still to be provided and the interest, costs and compensation related thereto.
2. However, the Customer will be entitled to dispose of the goods in the course of the Customer's usual business operations. Furthermore, the Customer will not be entitled to pledge the goods or to establish any other right thereon. The Customer will be obliged to promptly inform LogiMon Solutions if third parties levy attachment or enforce rights on the goods owned by LogiMon Solutions.
3. The Customer must always do everything that can reasonably be expected from the Customer to secure the ownership rights of LogiMon Solutions.
4. The Customer will be obliged to insure and keep insured the goods delivered subject to retention of title, against fire, explosion damage and water damage as well as against theft and to give LogiMon Solutions access to the policy of this insurance upon first request. In the event of any payment from the insurance, LogiMon Solutions will be entitled to this money. Insofar as necessary, the Customer undertakes in advance to provide cooperation to everything that might appear to be necessary or recommendable in that context.
5. The Customer gives LogiMon Solutions irrevocable and unconditional permission to enter the locations where the property of LogiMon Solutions is situated and to collect these goods after LogiMon Solutions has invoked its retention of title. If LogiMon Solutions has invoked its retention of title, the Customer will also be obliged, upon first request from LogiMon Solutions, to return the goods owned by LogiMon Solutions at its expense and in a good state of repair. The Customer will incur a financial penalty equal to 5% of the invoice amount of the goods concerned for each day during which the Customer remains in default of this. This financial penalty will not affect all other rights of LogiMon Solutions. Following the taking back, the Customer will be credited for the market value, which will under no circumstances be higher than the original invoice amount, minus the interest, costs and financial penalties incurred.
6. In addition to the retention of title referred to in article 7 subsection 1, the Customer undertakes, upon first request from LogiMon Solutions to that effect, to reserve and, insofar as necessary, establish a non-possessory pledge on the goods delivered by LogiMon Solutions subject to retention of title, as security for all existing and future claims of LogiMon Solutions on any basis whatsoever. If LogiMon Solutions cannot rely on its retention of title because the delivered goods have been mixed, distorted or acceded, the Customer will be obliged to pledge the newly constituted goods to LogiMon Solutions upon first request from LogiMon Solutions.
